“With upright heart he shepherded them  
and guided them with his skillful hand.”

Psalms 78:72

As a leader, you should always help your group and/or team members find their **NEXT STEPS**. Every person will be at a different level in their life.

Next steps include, but are not limited to;

- Making a decision to have a relationship with Christ.
- Attending a Sunday service
- Attend Discover Track (Membership)
- Reading the Bible consistently
- Praying consistently
- Being water baptized
- Joining the Dream Team
- Start tithing
- Inviting a neighbor, co-worker, or friend to life group or church
- Be Spirit-filled
- Become a leader

You have the great privilege in helping someone grow in  
their **NEXT STEPS** in God!

# INVITE CULTURE

## **In Person**

1. In your spheres of influence (neighbors, job, recreation, etc...) reach out to people and intentionally build relationships and invite them to your life group or services.
2. At services make a concerted effort to meet new people each week to see if they will connect well in your life group or team.
3. Build deeper relationships with people through meeting them one on one (coffee, lunch, etc...). People are more likely to attend your life group or join your team after they get to know you and you know them.
4. During our Launch Sunday on January 24th take advantage of the opportunity to creatively promote your life group (ex: carry a prop, your curriculum, etc...) or team in the lobby before and after services.

# Life Groups

## **PRACTICAL TIPS FOR LIFE GROUPS**

1. Meet in centralized locations (homes, coffee shops, workplace, online, etc...).
2. Encourage frequency for health (weekly meetings are best).
3. Facilitate discussion with group members resist the notion to just teach.
4. Encourage group members to read the Bible daily and not just at church or in life group.
5. Share ownership of the group by allowing members to help in different ways (bringing refreshments, planning outings, expressing care, etc...).
6. Share leadership by allowing your assistants and possibly group members opportunities to grow by allowing them to facilitate the lesson on occasion.
7. Attend events and services together and possibly sit together.
8. Grow through conflicts, (group life can have incredible highs and lows).
9. Facilitate care between group members by organizing meals for people who are going through transitions in life (such as funerals, births, etc...).
10. Encourage all group members to invite unsaved family and friends to the group.
11. Facilitate fun social gatherings for group members to bond with each other.
12. Follow one another on social media.
13. Be sure to make praying for one another an essential part of your group.

# Life Groups

## WHAT LIFE GROUPS ARE

1. *They are biblical.* As seen in the book of Acts, from the beginning of the church, Christians have gathered together around the biblical purposes to worship Christ.
2. *They are convenient.* A life group system supplies you with a venue in which it is easy to bring information with transformation.
3. *They are effective at connecting people.* Life groups are essential as the church grows because people still need personal connection and life groups are the best place for this to happen.
4. *They are unlimited in reach.* Wherever you have people you can have a life group.
5. *They provide accountability.* Each member has a support system.
6. *They provide a safe environment.* Members can explore their gifts and serving possibilities without feeling vulnerable or exposed.
7. *They provide focus.* If correctly directed, life group is a collection of people working on common goals - not just one person teaching while others listen.

## PURPOSE OF LIFE GROUPS

1. See the unbeliever saved.
2. See the Christian grow (in relationship and the word).
3. See the believer released to lead.
